

Stop the Cuts to TAFE NSW

More
info over
leaf

This petition of citizens of NSW brings to the attention of the NSW Legislative Assembly the urgent need to ensure TAFE NSW effectively fund the ongoing provision of second chance and further education opportunities for disadvantaged people and their communities.

VET reforms are resulting in severe cuts to TAFE NSW education and training programs that build stronger metropolitan, rural and remote communities across NSW. Specialist units such as Multicultural, Outreach Place Based programs, Disabilities, Language, Literacy and Numeracy, General Education, Counselling, and Aboriginal programs are threatened.

These changes undermine the Australian Government Social Inclusion initiatives where communities Learn to Work, Engage and Have a voice. A proposed once in a lifetime entitlement threatens the lifelong entitlement citizens of NSW have utilised effectively contributing significantly to every \$1 invested in TAFE returning \$6.40.

The undersigned petitioners therefore ask the Legislative Assembly, the NSW Premier and the Minister for Education to provide effective funding to TAFE NSW so it can continue to provide these essential programs and services for metropolitan, rural and remote communities across NSW. We call on the O'Farrell Government to build on these proven

innovative programs through the Community Services Obligations. If the current cuts continue TAFE NSW will not have the capability or the capacity to meet these obligations and meet legislative requirements while keeping vocational education at TAFE accessible for all the citizens of NSW
